

## Mont Blanc north face by ski, the most beautiful ski run in Alps! France

Mont Blanc ascent in 2 or 3 days, by the refuge of Grands Mulets, the north ridge of Dôme du Gouter, and the famous Arête des Bosses “ridge”. We’ll ski then the north face of Mont Blanc since the summit (or other route following conditions), the famous Petit and Grands Plateaux with a huge atmosphere of high mountain (lots of séracs). If there’s enough snow, we can ski down to the tunnel of the Mont Blanc, 3200m of descent, which is pretty rare!

**Advantage of that ski raid:** A mythic and highest mountain in Europe, the Mont Blanc. The most beautiful ski run in the all Alps.
